## ABOUT US

Established in 1989, Sa Fwu Industry Co., Ltd. is a dedicated manufacturer of various kinds of food processing equipment. Based on the company's policy of "Committed to Excellence", Sa Fwu Industry Co., Ltd. is the first manufacturer to apply digital human-machine interfacing controls on machines, providing outstanding and stable operational conditions. We have spent more to increase the machine value and share together with you our technological progress.

Our business concept is to provide the best possible machine design, equipment planning and constant innovation to fully meet customer requirements.

Sa Fwu solutions can guarantee an optimal control of the product flows, thanks to an accurate study of the accumulation, distribution and transport dynamics.

## PRODUCT LINE

- Automatic packing machines for various food cans, PET, glass bottles.
- Automatic palletizing machine for cartons and boxes.
- Automatic dismantling net cart orienting machine.
- Various automatic equipment for food, beverages and mineral water.
- Specific machinery design and manufacturing.

## PACKING MACHINE MANUFACTURER

Sa Fwu Industry Co., Ltd. is an expert in manufacturing Food Packing Machinery and Beverage Packing Machines in Taiwan. We provide Bottle Unscrambler, Bottle Filling Machine, Depalletizer Machine and Palletizer Machine with high quality. Besides, most of our Packing Machines are automatically operated; superior quality is guaranteed.

Our company is the first manufacturer applying digital human-operated machine interfacing controls on machines, providing outstanding and stable operational conditions. Please do not hesitate to contact us if you are looking for Water Filling Machine, Carton Packer, Weight Inspector and Automatic Bottle Unscrambler.
